ABOUT ME

As a Junior Full Stack web developer, I am ready and motivated to start applying my knowledge professionally.

With proactivity, a positive attitude, discipline, organization, and teamwork, I face challenges with enthusiasm and excitement, striving to achieve the best possible results.

Curiosity and a taste for innovation drive me to stay constantly in a learning mindset, seeking to expand my knowledge.

FORMATION AND EDUCATION

Higher Technician in Web Application Development

IES Telésforo Bravo - Puerto de la Cruz
2021/2023

LANGUAGES

Spanish - Native
English - Intermediate

PROFESSIONAL EXPERIENCE

eAgora Algoritmo del cambio Full Stack Developer

March 2023 - May 2023

My experience at eAgora is the culmination of my early years of professional training.

For three months, I have been working as a FullStack developer, being part of a diverse and dynamic team that is dedicated to developing innovative tools for the benefit of society.

My responsibilities have been focused on applying the following technologies: Laravel 8, Livewire, Bootstrap, Laravel Lumen, and MySQL.

VOLUNTEERING

Cerebritos - Team Coordinator and Monitor

September 2017 - Present

- Co-design, organization, and execution of workshops related to multiple intelligences and new technologies.

- Team coordinator and monitor at the Gamer Forum of Los Realejos.

- Monitor at Tenerife GG.
